JEM Cable & Fiber is a division of JEM Electronics, Inc. To learn more about JEM Electronics, please select the logo above or visit [www.jemelectronics.com](http://www.jemelectronics.com).

Greetings!

From all of us here at JEM, we would like to wish you a Happy New Year! We hope 2010 brings you much happiness and success.

JEM will be issuing monthly newsletters to update you on new product offerings and new events taking place at JEM. For those of you who do not know yet, in the second half of 2009 JEM Electronics launched a new online store called JEM Cable & Fiber. To visit this new website, please go to [www.jemcables.com](http://www.jemcables.com).

This month we are excited to introduce the official press release for our new Armored Fiber Optic Cables. This press release will appear in various media outlets throughout the first quarter of 2010, but we wanted you to see it first!

### Armored Fiber Optic Cables

#### Prevent Failure in Harsh Environments

A line of highly flexible, ruggedized fiber optic cables for use in critical aerospace, automotive, industrial, medical, and military applications is being introduced by JEM Electronics, Inc. of Franklin, Massachusetts.

JEM Armored Fiber Optic Patch Cords are designed to withstand twisting, kinking, crushing, and prevent rodent damage in applications where traditional fiber optic patch cables may fail during installation and operation. Featuring stainless steel armored flexible tube inside the outer jacket and robust connectors, they are offered in 9/125, 50/125, and 62.5/125  $\mu\text{m}$  sizes and custom lengths for use in a wide range of harsh environments.

Available with SC, ST, MTRJ, FC, MU, E2000, SUS, and other connector types, JEM Armored Fiber Optic Patch Cords come in single- and multimode styles up to 500+ meters long. Insertion loss is  $\leq 0.2$  dB, return loss is  $\geq 55$  dB, and repeatability is  $\leq 0.2$  dB (single-mode PC) and the stainless metal tube tensile strength is  $\geq 20$  Kgf. JEM is ITAR certified, meets ISO 9001: 2008, TS16949, and ISO 13485 specifications, and is RoHS compliant.

JEM Armored Fiber Optic Patch Cords are priced according to size, length, and cable and connector type. Custom price quotations are available upon request.

→ To purchase this featured product or other fiber cables and network cables, please visit [www.jemcables.com](http://www.jemcables.com). Please see the coupon below to save \$5 on your next Armored Fiber purchase.

Do you have a custom configuration or custom labeling request? We can help! Please contact us at [info@jemcables.com](mailto:info@jemcables.com) or 508-749-3577 for custom orders.

Best regards,  
Tasha Ellis  
JEM Cable & Fiber Operations Manager
